

March 1st 2025

Following our success within the European market, Alpha Wax has proudly become the official distributor of Shell's **Sarawax GTL Hardwaxes - SX105 and SX80 for South America.**

These products are a great addition to the brand new Shell Sarawax GTL Microwaxes that Alpha Wax has been distributing globally since 2024.

The Shell Sarawax GTL SX105 & SX80 are of the purest quality Fischer-Tropsch waxes on the market - suitable for many applications including hotmelt adhesives, PVC, inks, personal care, coatings, fertilizers, etc.

Available in granules, micronized and powdered forms.

For any requests please contact our local sales representative Felipe Monteiro - felipe.monteiro@alphawax.com or the European office representative Arjan Sjardijn - arjan.sjardijn@alphawax.com
